Conditions attached to this notice

- **Condition 1**

Immediately on service of this Notice, the animal(s) to which it relates shall be isolated, and shall not be permitted to come into contact with any other animal other than an animal with which it was/they were landed in Great Britain. Any movement of the animal(s) from the place of isolation (whether to quarantine premises, a vessel or aircraft for exportation or otherwise) shall only be undertaken by a carrying agent authorised by the Secretary of State, and shall be effected strictly in accordance with the conditions subject to which that agent's authorisation was given. During transit between the place of landing and the authorised quarantine premises or the port/airport of exportation, the animal shall at all times be confined in a suitable container or crate approved by the Carrying Agent, and shall not be allowed to come into contact with any other animal. A red label (Form ID 44/RM 55) shall be affixed by the Carrying Agent to the container or crate. The animal shall only be moved by authorised means of transport under the control of the Carrying Agent. The Carrying Agent shall be responsible for the safe delivery of the animal at the said authorised place of detention or on board the vessel or to the airline of export at the port/airport of export. The animal must not be handed over during transit to the owner or any other person other than the representative of the Carrying Agent.

- **Condition 2**

All costs arising in connection with the detention, vaccination or carriage of an animal to which this notice relates, or otherwise arising in relation to such animal by virtue of this notice, shall be payable by the person on whom this notice is served, or by the owner of the animal.

Conditions applying in respect of animals directed into quarantine

- **Condition 3**

Any dog, cat or ferret which has no validated vaccination for rabies in compliance with Article 6 or 10 of the Regulation (EU) No 576/2013 shall, as soon as practicable after arrival at the place of detention be vaccinated by the Veterinary Superintendent in charge.

- **Condition 4**

In event of:

- (a) an outbreak of rabies occurring at the place of detention, **or**
- (b) the animal sharing accommodation with another animal or other animals and any of those animals dying, the animal may be detained for such further period as the Secretary of State may direct (sharing accommodation will only be allowed in prescribed circumstances, and provided both the owner of the animals and the Veterinary Superintendent of the quarantine premises give a written undertaking to the Department that certain conditions will be met. Sharing will only be allowed if prior permission has been given in writing by the Secretary of State).

- **Condition 5**

At the request of the owner the animal may be licensed to move to another authorised quarantine premises. However, the animal must undergo its first calendar month of quarantine in the premises named overleaf.

- **Condition 6**

In the event of the animal sharing accommodation with another animal or other animals and those animals become rabid during the period of their detention and isolation in quarantine, the Secretary of State may require the animal to be destroyed.

- **Condition 7**

Should the animal to which this notice relates die or be lost while in GB, the person in charge of the animal shall immediately report the death or loss by telephone, or fax to the Secretary at the appropriate Department.

- **Condition 8**

If the animal dies in quarantine, the Secretary of State may take, or require to be taken, such action as is considered necessary to determine whether or not the animal was infected with rabies at the time of its death and may dispose of the remains of the animal, or require them to be disposed of, in such manner as they think fit.

- **Condition 9**

The artificial insemination of any animal detained under the Rabies (Importation of Dogs, Cats and Other Mammals) Order 1974 (as amended), whether from animals similarly detained or otherwise, is prohibited. Further, the artificial insemination of any animal not in quarantine from any animal detained under the above-mentioned Order is also prohibited.

- **Condition 10**

Should the animal give birth to young while it is subject to the conditions of this notice, the person in charge shall report the fact to the appropriate Department at the address given below.

• **Condition 11**

If, after the issue of this notice, it is in the opinion of the Secretary of State, impracticable or undesirable for the animal to undergo quarantine at the place of detention specified in this notice, he may require the animal to be detained and isolated at approved premises other than those specified.

IMPORTANT

The breach of any provision of this notice, or of any condition subject to which it is issued, or the failure to comply with any such provision or condition, is an offence against the Animal Health Act 1981 and may lead to criminal proceedings being instituted against the person concerned, and to a fine and/or imprisonment.
